SECTION 01

About Our Company

Building global pharmaceutical partnerships through quality, compliance, and commitment.

PharmaBridge Global is a professionally managed pharmaceutical export company delivering high-quality Active Pharmaceutical Ingredients (APIs), bulk chemicals, and nutraceutical raw materials to manufacturers, importers, and healthcare companies worldwide.

We leverage a robust supplier network spanning WHO-GMP certified facilities, USFDA-audited plants, and EU-GMP compliant manufacturers — ensuring every product meets the regulatory standards of your market.

Our team combines pharmaceutical expertise with international trade experience, navigating regulatory documentation, EXIM requirements, and global logistics with precision and efficiency.

> "Our mission is to be the most reliable and transparent pharmaceutical sourcing partner for global buyers who demand quality without compromise."
>
> MANAGEMENT STATEMENT · PHARMABRIDGE GLOBAL

GMP-Backed Supply
All products sourced from certified, audited manufacturing facilities.

Global Reach
Active exports spanning Asia, Africa, CIS, Southeast Asia, and Latin America.

Full Documentation
COA, MSDS, DMF support, stability data, and regulatory dossiers provided.

Long-Term Partnerships
We focus on sustained relationships, not just one-time transactions.

SECTION 02

Why Choose Us

Eight pillars defining our commitment to international pharmaceutical buyers.

01

Quality Assurance

Every batch backed by a full analytical COA from accredited labs. Pharmacopoeial-grade material conforming to IP, BP, USP, and EP standards.

02

Reliable Supply Chain

Multi-source procurement ensures uninterrupted supply even during seasonal or regulatory disruptions.

03

Competitive Pricing

Direct partnerships with Indian and Chinese API manufacturers enable highly competitive FOB/CIF pricing.

04

Global Export Support

End-to-end export handling — sourcing, air/sea freight, customs documentation, and last-mile coordination.

05

Documentation Support

COA, MSDS, Packing List, Invoice, Bill of Lading, Certificate of Origin, Health Certificate and dossiers.

06

Timely Delivery

Committed lead times with real-time shipment tracking and proactive communication at every stage.

07

Regulatory Compliance

Familiarity with USFDA, EU-GMP, WHO-GMP, and CDSCO guidelines for all supplied APIs.

08

Customer Satisfaction

Dedicated account management. All queries and requirements addressed within 24 business hours.

Our Edge: Our team includes qualified pharmaceutical professionals with field-level knowledge of formulations, pharmacopoeia, and regulatory pathways — enabling smarter sourcing decisions for our buyers.

SECTION 03

Global Export Operations

Supplying pharmaceutical APIs across regulated and emerging markets worldwide.

50+ Countries Served Worldwide

INDIA-BASED EXPORT HUB · WORLDWIDE API DISTRIBUTION

INDIA (ORIGIN) | EUROPE | AFRICA | SOUTHEAST ASIA | CIS COUNTRIES | LATIN AMERICA | MIDDLE EAST

Sea & Air Freight
FCL/LCL sea shipments and air cargo via bonded freight partners for all material types.

Export Packaging
HDPE drums, fibre drums, double-polythene lined bags, and tamper-evident packaging per regulations.

Regulatory Dossiers
CEP, DMF filings, registration dossiers, and country-specific import documentation on request.

Cold Chain Logistics
2-8 degrees C and -20 degrees C temperature-controlled shipping for sensitive APIs and biologics.

Batch Traceability
Full batch-wise documentation from manufacturer CoA to port of delivery — complete traceability.

Flexible Payment Terms
Accepted: T/T, LC, DP. Advance payment discounts available. Credit terms for established buyers.

SECTION 04

Product Portfolio — Part I

Cardiovascular · Anti-Diabetic · CNS & Psychiatry

A Cardiovascular APIs

PRODUCT NAME	CAS NO.	GMP STATUS	REGULATORY	PACKING
Atorvastatin Calcium	134523-00-5	WHO-GMP	Available	25 kg HDPE Drum
Amlodipine Besylate	111470-99-6	WHO-GMP	Available	25 kg Fibre Drum
Rosuvastatin Calcium	147098-20-2	WHO-GMP	On Request	10 kg HDPE Drum
Metoprolol Succinate	98418-47-4	WHO-GMP	Available	25 kg HDPE Drum
Telmisartan	144701-48-4	WHO-GMP	Available	25 kg HDPE Drum

B Anti-Diabetic APIs

PRODUCT NAME	CAS NO.	GMP STATUS	REGULATORY	PACKING
Metformin HCl	1115-70-4	WHO-GMP	Available	25 kg HDPE Drum
Glimepiride	93479-97-1	WHO-GMP	Available	25 kg HDPE Drum
Sitagliptin Phosphate	654671-78-0	WHO-GMP	On Request	5 kg HDPE Drum
Dapagliflozin	461432-26-8	WHO-GMP	Available	5 kg HDPE Drum
Vildagliptin	274901-16-5	WHO-GMP	Available	10 kg HDPE Drum

C CNS / Psychiatry APIs

PRODUCT NAME	CAS NO.	GMP STATUS	REGULATORY	PACKING
Sertraline HCl	79617-96-2	WHO-GMP	Available	25 kg HDPE Drum
Escitalopram Oxalate	219861-08-2	WHO-GMP	Available	10 kg HDPE Drum
Quetiapine Fumarate	111974-72-2	WHO-GMP	On Request	25 kg HDPE Drum
Clonazepam	1622-61-3	WHO-GMP	On Request	25 kg HDPE Drum

Note: All products supplied against purchase order with pre-agreed COA specifications. Samples available on request for quality evaluation.

Product Portfolio — Part II

Gastroenterology · Pain Management · Antibiotics · Oncology · Vitamins · Respiratory · Dermatology

D Gastroenterology APIs

PRODUCT NAME	CAS NO.	GMP STATUS	REGULATORY	PACKING
Omeprazole	73590-58-6	WHO-GMP	Available	25 kg HDPE Drum
Pantoprazole Sodium	138786-67-1	WHO-GMP	Available	25 kg HDPE Drum
Ondansetron HCl	99614-02-5	WHO-GMP	Available	10 kg HDPE Drum

E Pain Management APIs

PRODUCT NAME	CAS NO.	GMP STATUS	REGULATORY	PACKING
Diclofenac Sodium	15307-79-6	WHO-GMP	Available	25 kg HDPE Drum
Tramadol HCl	36282-47-0	WHO-GMP	On Request	25 kg HDPE Drum
Pregabalin	148553-50-8	WHO-GMP	Available	25 kg HDPE Drum

F Antibiotic APIs

PRODUCT NAME	CAS NO.	GMP STATUS	REGULATORY	PACKING
Amoxicillin Trihydrate	61336-70-7	WHO-GMP	Available	25 kg Fibre Drum
Azithromycin	83905-01-5	WHO-GMP	Available	25 kg HDPE Drum
Cefixime	79350-37-1	WHO-GMP	Available	25 kg HDPE Drum

G - J Oncology · Vitamins · Respiratory · Dermatology

PRODUCT NAME	CATEGORY	CAS NO.	GMP STATUS	PACKING
Imatinib Mesylate	Oncology	220127-57-1	WHO-GMP	5 kg HDPE Drum
Vitamin B12 (Cyanocobalamin)	Nutraceutical	68-19-9	WHO-GMP	1 kg Amber Glass
Salbutamol Sulphate	Respiratory	51022-70-9	WHO-GMP	25 kg HDPE Drum
Tretinoin (All-Trans)	Dermatology	302-79-4	WHO-GMP	1 kg Amber Glass

We supply 500+ APIs across all therapeutic categories. Send your inquiry list for complete quotation with availability and pricing.

SECTION 05

Featured Products

High-demand APIs with consistent GMP supply and full documentation support.

CARDIOVASCULAR

Atorvastatin Calcium

CAS: 134523-00-5

Assay	**98.5%+**
Standard	**USP / BP**
GMP	**WHO-GMP**
Packing	**25 kg HDPE**
COA	**Provided**

ANTI-DIABETIC

Metformin HCl

CAS: 1115-70-4

Assay	**99.0%+**
Standard	**IP / BP / USP**
GMP	**WHO-GMP**
Packing	**25 kg HDPE**
COA	**Provided**

ANTIBIOTIC

Azithromycin

CAS: 83905-01-5

Assay	**97.0%+**
Standard	**USP / EP**
GMP	**WHO-GMP**
Packing	**25 kg HDPE**
COA	**Provided**

CNS

Escitalopram Oxalate

CAS: 219861-08-2

Assay	**99.0%+**
Standard	**BP / EP**
GMP	**WHO-GMP**
Packing	**10 kg HDPE**
COA	**Provided**

RESPIRATORY

Salbutamol Sulphate

CAS: 51022-70-9

SECTION 06

Quality & Certification

We supply only from certified facilities — no exceptions, no compromises.

WHO-GMP

World Health Organization Good Manufacturing Practice certification from all primary suppliers.

ISO 9001

Quality management system certification ensuring process consistency and output quality.

USFDA

USFDA-inspected manufacturing options available for regulated market requirements.

EU-GMP

EU-GMP certified supply chain for European market entry and CEP-supported molecules.

Our Quality Control Process

From manufacturer to your warehouse — every shipment quality-verified at each stage.

01	02	03	04	05
Supplier Audit	**Batch COA Review**	**MSDS & Stability**	**Packing & Label**	**Dispatch & Docs**
GMP certification and facility audit records reviewed.	Full analytical COA reviewed against pharmacopoeial specs.	Safety data and stability data compiled per product.	Export-grade packing with compliant labeling applied.	All shipping and regulatory documents compiled.

Documents Provided with Every Shipment: Certificate of Analysis (COA) · MSDS · Certificate of Origin · Packing List · Commercial Invoice · Bill of Lading / Airway Bill · Health Certificate (on request) · Stability Data (on request) · DMF / CEP (on request)

SECTION 07

Packaging & Shipping

Secure, compliant, purpose-engineered packaging for international pharmaceutical transit.

Standard Packaging Options

- HDPE Drums (5, 10, 25, 50 kg) — double polythene lined, tamper-evident sealed
- Fibre Drums with PE liner — for moisture-sensitive APIs and bulk powders
- Aluminium foil bags — heat-sealed, for light-sensitive and hygroscopic APIs
- Amber glass bottles — for photosensitive and high-potency APIs (100g to 5kg)
- Corrugated outer cartons with silica gel desiccant for long transit shelf life
- IBC / Octabins for large-volume orders above 500 kg
- Custom packaging available on request with buyer's label

Shipping & Logistics

- Sea Freight (FCL / LCL) from major Indian ports — JNPT, Mundra, Chennai
- Air Cargo via international airports — BOM, DEL, MAA, HYD
- Courier shipment for samples and small quantities (DHL, FedEx, UPS)
- Customs clearance assistance at origin — IEC, DGFT, export licence handled
- Real-time shipment tracking shared with buyer upon dispatch
- Dangerous goods compliance for controlled and flammable materials
- Coordinated door-to-door delivery in select countries

Ambient (15-25C)
Standard APIs, excipients, and bulk chemicals

Refrigerated (2-8C)
Biologics, certain hormones, and enzymes

Frozen (-20C)
Temperature-labile APIs and reference standards

Controlled Substances
Full compliance with NDPS and DEA export norms

Best CTAs for International Buyers

"Request Quotation for [API Name] — Send your quantity and destination country."

"Send Us Your Procurement List — We respond within 24 hours with pricing and availability."

"Request Free Sample — Evaluate our quality before your first commercial order."

"Download Full Product List — 500+ APIs with CAS numbers and regulatory status."

Export Brochure Tips

- Always include CAS numbers — international buyers verify them
- State pharmacopoeial standards (USP/BP/IP/EP) clearly
- Mention GMP certification type for every product listed
- Add INCOTERMS (FOB/CIF/CFR) to every price offer
- Include shelf life and storage conditions for each API
- Keep product tables skimmable — buyers scan, not read
- Use A4/Letter for email; A3 for trade shows
- Update brochure at least twice yearly with new products
